

## FEEDING PROJECTS IN SIGUATEPEQUE AND SAN PEDRO SULA

### SIGUATEPEQUE

In 2005 we started feeding the children of Principe de Paz (Prince of Peace) Church in Siguatepeque, Honduras. Pastor Oscar and his wife, Glenda, help manage the project. They are a wonderful influence in their community and the since starting the project have been growing the program and reaching kids for Christ. The children of Prince of Peace attend a Bible Study on Sunday morning then have a well balanced hot meal, probably the only hot meal they have all week.

Currently, we are feeding 75+ children a week, the cost is \$100.00 per month.

### SAN PEDRO SULA

The other feeding project is located on the outskirts of San Pedro Sula, at the Church of Filadelfia (Church of Brotherly Love), where Pastor Deomedos and his wife Telma have been feeding children in this poor area for the past 23 years. They have served over 1 million plates of food to date. Feed My Sheep Ministry was blessed to be asked to continue this project in October 2007 by the Braswell Ministry of Carbondale, Illinois. Telma and her staff prepare a hot nutritional meal for 200+ children every Saturday and Sunday. Telma cooked large pots of rice, vegetables and chicken over an open fire, until 2007 when they were blessed with a gas stove.

This project feeds 200+ children twice a week, the cost is \$335.00 per month.
